To whom it may concern

TOKAI Holdings Corporation
Katsuhiko Tokita, President & CEO
(Code No. 3167 Tokyo Stock Exchange First Section)

Operation of "TOKAI Susono Ichidaira Solar Power Plant" started.

TOKAI (Headquarters: Shizuoka City, Shizuoka Prefecture; President and Representative Director: Katsuo Oguri), a wholly-owned subsidiary of the Company, has begun power generation at the Group's sixth mega-solar (large-scale solar power plant).

Overview of TOKAI Susono Ichidaira Solar Power Plant	
Place	Within the Ichidaira, Susono City, Shizuoka Prefecture Area 17,229 m ²
Planned output	1,624kW 360W×4,560 panels
Estimated annual power generation	1.97 million kWh (equivalent to the annual power consumption of about 390 households)
Carbon dioxide reduction	About 1,270 tons / year (equivalent to 90,700 cedar trees)
Start of power generation	March 5, 2020

Power plant whole view

The Group's mega solar business has six locations, starting with the "TOKAI Fuji Shizuoka Airport Photovoltaic Power Plant," which started power generation in November 2014, for a total of 10.3 megawatts. We will continue to propose a power generation business that uses renewable energy while making the most of our technology and know-how cultivated as an energy company, aiming to realize a low-carbon society.
