## Announcement of "B" Score Achievement in CDP 2024 Climate Change Field

TOKAI Holdings Corporation (Headquarters: Aoi-ku, Shizuoka City, Shizuoka Prefecture; President and CEO: Katsuo Oguri; hereinafter referred to as "the Company") is pleased to announce that the Company has achieved a "B" score in the climate change field of the 2024 assessment by the international environmental non-profit organization CDP\* for the second consecutive year.

CDP's assessment scores are rated on an eight-point scale (A, A-, B, B-, C, C-, D, D-). A "B" score is classified as "Management Level," which indicates that the Company is aware of and actively addressing its environmental risks and impacts.

The TOKAI Group is committed to strengthening its foundation for sustainable growth as part of its ongoing "Medium-Term Management Plan 2025," with a key strategy focused on promoting Green Transformation (GX) initiatives aimed at achieving low and decarbonization.

For more information, please visit: <https://www.tokaiholdings.co.jp/english/sustainability/environment/gx.html>

Moving forward, we will continue to actively work on reducing greenhouse gas (GHG) emissions in our business activities and our customers' energy usage, contributing to the realization of a sustainable society.

### ■ About CDP

CDP (Carbon Disclosure Project) is an international environmental non-profit organization established in 2000 that operates a global environmental information disclosure system. It investigates and evaluates the efforts of companies and municipalities worldwide to address environmental issues, including climate change, and facilitates information disclosure. In 2024, over 24,800 companies, representing two-thirds of the global market capitalization, and more than 2,100 companies in Japan, including over 70% of those listed on the Prime Market, disclosed their environmental information through CDP's questionnaires.
